

unsigned

The diagram consists of two rectangular boxes. The top box is divided into three horizontal sections; the top section contains the text 'unsigned', while the other two are empty. A vertical line descends from the bottom of this box, passing through a small diamond-shaped connector. To the right of this line, the text '+STA' is written. The line then enters the top of a second rectangular box. This second box is also divided into three horizontal sections. The top section is shaded gray and contains the text 'DMA1STAHBITS'. The other two sections are also shaded gray but are empty.

+STA
