

ffft::FFTReal::do_ifft

```
graph RL; A[QFourierVariableCalculator::inverse] --> B[ffft::FFTReal::do_ifft];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from right to left. The box on the right is white with a black border and contains the text 'QFourierVariableCalculator::inverse'. The box on the left is light gray with a black border and contains the text 'ffft::FFTReal::do_ifft'. A blue arrow points from the right box to the left box.

QFourierVariableCalculator
::inverse
