

unsigned

```
classDiagram
    class Unsigned {
        +int value
    }
    class DMA0STA {
        +int value
    }
    Unsigned --> DMA0STA : +STA
```

The diagram shows a class named 'unsigned' with two empty slots below the name. A vertical line connects the bottom of this class to a diamond-shaped association symbol. To the right of the line is the label '+STA'. This symbol connects to the top of a second class box. The second class box is shaded gray and has the label 'DMA0STA' in its top slot, with two empty slots below it.

+STA

DMA0STA
