

unsigned

The diagram consists of two main rectangular blocks. The top block is white with a black border and is divided into three horizontal sections. The top section contains the text 'unsigned'. A vertical line descends from the bottom of this block, passing through a small diamond-shaped connector. To the right of this line is the text '+CNT'. The line then enters the top of a second, larger rectangular block. This second block is gray with a black border and is also divided into three horizontal sections. The top section of the gray block contains the text 'DMA0CNTBITS'.
